## Personal Statement

Motivated and detail-oriented Software Engineering undergraduate at the University of Sri Jayewardenepura with a strong passion for web development, cybersecurity, and modern software technologies. I enjoy solving complex problems through innovative software solutions and continuously seek to enhance my skills and contribute meaningfully to team-driven projects.

## Education

Bachelor of Computing (Hons) in Software Engineering  
University of Sri Jayewardenepura (2024 – Present)  
GPA: 3.24 / 4.00

G.C.E. Advanced Level  
St. Joseph's Balika Maha Vidyalaya, Kegalle (2022 / 2023)  
Stream: Physical Science – 3B Passes

G.C.E. Ordinary Level  
St. Joseph's Balika Maha Vidyalaya, Kegalle (2019)  
Results: 9 A Passes

## Projects

### **School Bus Tracking Web Application**

A real-time school bus tracking system with location monitoring, online booking, and payment integration. Designed with a mobile-first approach and secured backend APIs.

### **University Resource Management System**

A collaborative platform enabling real-time resource reservation and inventory management. Integrated role-based access and dynamic calendar features.

## Skills

- Java
- Python
- JavaScript
- C++
- HTML /CSS
- PHP
- Wireshark
- Nmap
- MySQL

## Certifications

- Network Defense Certification – Cisco Networking Academy
- Cybersecurity Essentials Certification – Cisco Networking
- Introduction to Cybersecurity Certification – Cisco Networking Academy

## Extra Activities

- Committee Member, IEEE Student Branch – University of Sri Jayewardenepura
- Active Member, Flair Club – University of Sri Jayewardenepura
